: PETITION DECISION

This is in response to the Petition under 37 CFR 1.59, to expunge material submitted in error by applicants.

Applicants state that on March 1, 1999, a Notice of Appeal and an amendment intended for SN 08/779,784, were unintentionally filed in this application and request return of these papers. A review of these papers (Papers #17 and #18) received March 4, 1999, shows that they have titles different from this application and refer to papers not present in this application and were incorrectly filed in this application. (Acursory review of the papers would not have indicated a filing error based solely on the title discrepancy since the attorney docket numbers are identical and the inventorship is the same.)

The petition is **GRANTED**. Papers 17 and 18 are expunged from the file and returned with this decision.
